

Spring is going very fast. The
lawn is also fresh, the trees are
budding, birds are everywhere
and we do enjoy their songs.
We did have the heaviest floods this
year than I've ever seen it since
I've been here. The men had to re-
sort to sand bags to save the
corrals, even so the water washed
badly in some places, even tele-
phone poles were dropped into
fairly deep holes, newly made.
We are expecting our first turkeys
on the 24th. We've been dreadfully
busy getting ready & with farm work
on in full swing. Of course labor
is a problem. Horsey's mother passed
away this week, the funeral will be
Friday. She had been an invalid for
25 years. Ramona is getting over
the mumps. Best wishes & love from us
all, Norma

Five other family over here, also Ruth, Kenneth & Gemelle if they
can visit there.
