Long Beach Calif.

Dear Mother.

I was sure glad to hear from you but sorry to hear that you were feeling so punk. I wish I had have insisted on you staying here with me. I knew as well as any thing that you shouldn't go. and I don't know why I let you but now that you are there be careful and come home as soon as you possibly can. I'll meet you any where you say don't dare go to the ranch. what ever happens. and come home as soon as you can.

I try to. water your place about 2 a week but that didn't seem to be quite enough so I have been down most every night for a little while. all your rooted lilies have grown up and are in blossom. and every thing is all right I guess but it doesn't look anything like it did when you and Jean were here but then life is too short to worry about that.

We are all well but Bleeke has a real bad head cold but is much better now than a few days ago - She walks every where and is cute as a bugs ear Dorothy went home for a wake - which will be up this next Sun - and Marcia came down and is playing with me - Last Tuesday Little Babbie came to finish out the week so it hasn't been so bad - MacChoquette got a General Electric Frigidaire so she decided to stay out there and enjoy it

Did you get your check alright?

I can hardly wait until you come home - Will have a good rest and a lot of fun - why can't you come soon?

All forward your mail and look for you soon -

Lots of love to all - How is Helen Shape fine - Come home soon -

Ida + kids -
