

Evelyn - That is for one hour & I listen in and get ideas which I will use myself. I'll give each child a few months with her to get the technic and then a work with them myself.

Bulah & Sam drove up over the weekend. They brought Elva Sonnen a Utah nurse I used to hate cordially - tho she has mellowed somewhat and also have J. Bulah look so well - much younger - and in love with Sam. I heard Bulah has so many many patients all crazy about her.

Fabian has a new (company) car a 1936 Buick sedan - very comfortable - and nice looking. It was formerly the Stogen staffcar.

Dear Gramma Ram
(Kens) Ruth, Genella and Ida - We received your air letters yesterday and I just sent a letter off to Grandpa Ram to the ranch. Do you mind me writing to you all together? Jennie Algu and Anna are here - and we have enjoyed their 3-week visit very much. Both are so devoted to Maurice however I couldn't get them to stay longer. No sooner had they arrived than he wrote he was lame - some and for them to hurry back. This child is beautiful and O so bright. I think mine were super but they have to back down for Anna.

Kate takes music lessons from Miss Kelso - 5 pesos a lesson - also

Back to Jennie - she thanks "Aunt Nora" for the greeting
and sends regards in return. Jennie beat us all at
golf last Sunday - It is easy to beat me. but Fabrian &
me. Murphy couldn't take it.

John is having a swell time these mornings with
Teddy and Peter up here - John and Ann are very chummy.
too. John is trying to make his ears wiggle like his daddys.
John is very fond of Fabrian - tho Fabrian crushes them all
ofte enough. Lucky one or lucky us - we are uncrushable -
and always bounce back as happy as ever and as fond
of Fabrian as ever. The girls say Fabrian is always sweet
to me - Naturally noisy & wiggly children will get on
a mams nerves - who has sat in an office every day,
and forever keep the children away from us. I think
the father shouldn't be coddled too much. He has to get
collected, I guess. Fabrian is very proud of his kids - bring
people up to see them and is put out if they are not
all home to be shown off. They are all such small kids I
don't blame him for feeling that way. Well so long
love to all

Ruth.

Mr. MacLean & family went to states & he got you address
