Dear Gramma and Gramps a Renn

Well the holidays are over. We received your letters and that wonderful picture of Gramma Renn. I will have it framed next week.

This month will be exciting for us. Fabian and I are going to dash to San Pablo early Tuesday A.M. 12⁰⁰ and attend a directors meeting and dash back the next P.M. It will mean 150 pesos if he can get to the meeting. Then the next day

all had plenty of the same oysters and no
signs of anything. I think Fabian will enjoy
a rest. When one has a small house it is
wearisome on the nerves to always have a bunch
of children chattering - crying about. We have
Baumus for Xmas. Bill B. is such a tea..

I was almost driven crazy myself as calm
as I am. ^{I was} kept busy defending the weak.

Thanks for the pictures of the tankys. I especially
was glad to get the snap of the house.

Have you had a rechristening?

The children got more toys than they've
ever had in all their lives.

I hope you keep well and happy this
next year.

Lots of love from us all

Tink.
