

Dear Mother Ream,

This will only be the merest of notes for it is already very late. However, we do want you to know we think of you ever so often and wish we might drop in every now and again especially on Easter, to wish you a very happy, delightful day.

We have enjoyed shearing from you and Rodney is very glad to have his birth certificate. He will take good care of it and he thanks you sincerely for obtaining it for him.

Tell Mary she "kisses" from us too
