

Spangle Ida
April 21-41

Dear Mother & Family

In two days I will be
53 and the older I get the more
I like my answer of my letter
go. So I can't say just what it
will be like in the next 53
years, but hope it won't be
much word or work or
writing at all. I hope your
health is good and that Ida
is O.K. by now and is up and
around. I guess Ruth has
been to see you and told you
how things are up here. We have
had some bad weather the last
ten days storms for a week
and then the last three nights
have been real cold. Saw in
the middle of lumbering but
have had good luck so far, not
much loss, but like to see
spring come now. The farm
work is just getting started.
It is about 30 days later than
last year. There not much water
in the river and would say
there is going to be a shortage
a gain this year
