Moscow Idaho.

May 10 - 08

Dear mamma

We received your very welcome letter yesterday and was glad to hear from you.

It has been raining here for two days. The weather is getting so warm that it is hard for me to study.

Did Lee get caught up to the class?

Mitchel can enter the second year easy if he gets credit for his work in the Fielding counting the credits he got in Logan.

I will have very near enough to register in the third year. I am going to register part third year next year and then the year after all fourth.

Floss has never had a mare cald out of the 800 ten colts she has raised.

That professor was inspecting high schools he was a physics teacher. Professor Souden. Is that the name?

Good for Mitchel. He will learn to try a girl when Ashley is around. Tell him that there is a fellow up here that can braze cast iron, and that he can get his heart fixed if he will send it up.

The Dingle people are quite crazy over dances. Here there is only about one a month.

Did Wesley tell you last time about the meet at Pullman?

I will be glad to be back to Dingle and see a sage brush and a little more water than a mud puddle.

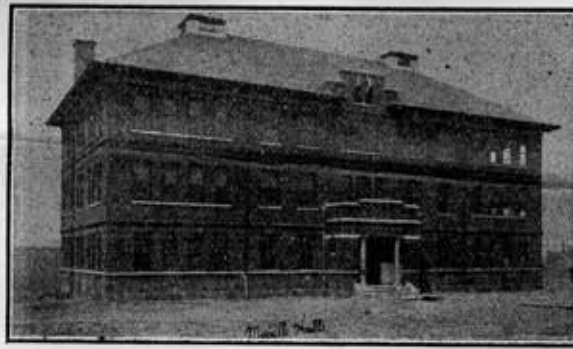

There is a little creek (mud hole) here called Paradise river.

In the little town of Moscow  
In the country of Palouse  
Runs the great creek of Paradise  
That would <sup>not</sup> swim a goose.

I had to compose a piece of poetry in English  
This is one stanza of it

G. H. Maughan---President.  
H. A. Colt---Vice President.  
C. W. Monlux---Secretary.  
D. C. Petrie---Treasurer.

I said it would not swim a goose when  
in fact it would not swim a "luck bug,"

A furnished house here would cost all the  
way from 12 to 50 dollars.

Ask see if he can make 2 1/2 lbs in, if so he  
can take first here. Anyone can come down  
here where the altitude is lower and be  
from 5 to 10 percent better in athletics.

Wesley can high jump 5 ft 4 in. now.

Well I will close for today.

From your Loving Son

F. D. Ream

If I pass out on honor I will start  
for home about the second of June,  
I have a chance to:

F. D. R.
