

My Dear Dad

Wing 67-18-34

Mama's letter came last night telling about you and your big fine girl I sure was glad you are over the ordeal & what does Rickie have to say about it? I suppose Bob. is pleased also. When I got the word I got both letters same time & of course so close in dates I opened the last first & got the surprise first. I told Ralphine about it so the news started and I came home I stopped at Mamie and Dudes & let them read both letters, then Jim, Norma & K.D. & all got the good news same evening.

Will you realize an other load is added to your load and I hope it will be a pleasant enjoyable one and that Bob see it in the way he should

and all will come out just
fine your old Dad wishes you
success and when need will be
behind you to the end.

When you can write just drop
a card, as I will be glad to
get one from you.

I am moving every day &
trying to get things shaped
a little to my liking but it
is a hard job, & a big one I will
tell you more later just a
word to Ricky & Mamma & get it
off in to days mail.

When this reaches you it
will find you just fine.
I am anxious to hear what
is said about the sweet little
meowies & just how Ricky
takes it. Love to you and
family and love to you
from Dad C. W. Reams.
