

ARMY AIR FORCES TECHNICAL SCHOOL
CHANUTE FIELD, ILLINOIS

May 23, 1943

Dear Grandma,

Thanks for your nice letters and I hope you are feeling fine now. I hope Charlie is better too. I don't know whether Mory Ida is in love with love or in love with Garth and I'm in no position to judge that is up to her but I do think she goes a little slower at least until she meets Garth. He is a swell fellow & there are none better but still it is a big and important step they will be taking and they should be sure for it is soon taken and can mean a life of happiness or a life of hell. I hope that my feelings in the matter are not misunderstood but I love both of them and

Don't want to see either
of them best.

Well I am going to C.N.T.
after all and so I'll be
here until the 24th of
July. The folks at home
must be busy for I haven't
heard much from them
lately though I do get a
letter quite often.

It is still stormy here
a wet cool spring with
a few hot days. I am
expecting it to really get hot
while I am here but I hope
I get somewhere else before
long. The Wanderlust has
hit me again and I
am wanting to travel.

I hope the flowers are
coming along fine. The new
lawns here are sure a pretty
green. Love to you and all
the folks there,
Your loving Grandson
Jean

Dear Jan.

P.F.C. Wesley J. Ream
32nd T.S.S. Bldg T 148

I was glad to get
your card. It's
sure cute. I'm
afraid I don't get
enough of this though
we all gripe about the
small amount of
marching we have to
do. That must be the
trouble that we need
some had boiled till
targent. So long from
a soldier, I am
