Nov. 11, 1940

Dear Grandma,

Its snowing again! Its so cold I dont think the football game that was scedualed for today will be played. I am not going anyway.

I was so glad to get your letter but it just seems like I dont get time to write.

We had to try out to see if we were to be in the "Pep Band". There were twenty-three chosen out of the School Band. I was one of them. I have to buy a \$5.00 sweater with Pep Band written on it and the year we graduate. It will be white with red. There will be a red band around the arm for every year we have been in the Band. There is only one freshman besides me. I got the sweater for my Birthday.

I sure like High school.
We had the Montpelier High school
Homecoming about two weeks ago.
It was the first one they had ever
had. It was a big success.

Everyone that went had to take a
stick of wood. After the assembly we
went back of the school House, piled
the wood up and had a big bon-
fire. I had a lot of fun.

They were going to ^{use} us
freshman but they didn't. They have
been putting it off so long I don't
think they will. (I hope not).

I like all my teachers except one.
She is our Home Economics and
English Teachers.

Later.

The game was played in the wind
and the snow. Montpelier lost. The
score was about 38 to 0. We won

the first four games that were played.
Tied one and lost the last four.

The Pep Band has to go to town
to play at a Banquet tonight. There
are six from Dingle in the Band.

Ruth's hand is about the same.
It doesn't seem to be getting any
better.

Mary Ida and I are making some
cookies now. I had better go
help her.

I will write again soon. (If I can
find time)

Lots of love,
Hazel Dawn
