Dear Mother & Dad -

I was disappointed that you could not come home right after Thanksgiving but then I hope you will soon - Sister says to tell you she wished he would hurry and come home. She is lonesome to see him - I think both the kids would like to see you back - Ricky went down lat. and soaked

the whole yard -

We haven't heard a single word from Beulah since that letter I sent you so I suppose she is at night again -

I got a letter from Ruth - & she said she heard B - had a baby and that it was a girl but that was all she had heard -

Everything seems to be going along nicely - Sister would like you

Wrote to the mother for
think to getting you
no one was here but
with us

to tell Bill Carol hello for her
and to ask him how his knee
is and to write to her - she would
sure be tickled to get a card from
him - I am afraid it is true, love
as far as she is concerned -

I hope Milton & family are better
now and all is well - Guy not to get
rich your selves -

I am glad, ^{Dad} you have that extra land
Dad & I think pine trees would be the
thing to plant on it - If you'll attend
to the ordering of them I'll supply
the money -

Let us hear from your flower and
I'll promised to be glad to get them
but as you know I have writers
cramp and brain fog so can't write
a decent letter -

Lots of love to you both - & hurry
home -
