My dear Nora:

It is not many letters I've written since I got here but, the fact is I've been too busy & did not do it 2 or 3 min. at a time is all I could keep at it. I was 3 or 4 dt. writing to Beulah ^{and it sure was a burrow} then. Well K.O. has just had dinner & gone to ~~morning~~ ^{Friday morning}. They just commenced Haying Mr. Wood's first & now on R's tame hay. Cow & M.A. Jacks & beans punkins for our all mild hay. Did it last yr. for's - so they should do well as our look is good for a good demand this yr. Just West of Denver is the only place in U.S. that is ^{not} short of pasture & feed. a big fair going on the Denver market already & no pasture for the remainder so feed will be used. grain is short here the boys will have but little as P.S. M.A. none at all. 5 or 10 Acres

They claim better than a $\frac{1}{2}$ cent here
so not so good. J.P. turkeys are still
ding some he has finished & sent
the incubator down & has got 6 hens
setting on eggs he has 70 hens not
one setting 50% are still laying he
gets 35 eggs every day he got the
turkeys of J. Lindsay to set. he said
his hens had ave. over 60 eggs &
still laying 50% of them

Say you should see the turkeys
he has. 450 back & 1/2 of hours for
some almost as large as old ones
his youngest. over 2 wk. old & here is
where his losses are. Will you mus-
not miss coming up. it will do you
good it sure seems nice to see a
bright Sun & clear air again &
B.L. at its best - Setting here in the
cool enjoying it & going out & enjoying
the warm sun.

I've sure been moving a little. been
 to L. H. S. To Fishaven by M—
 To Paris by of M— with ^{Roddy} ~~and~~ + to
 Montpelier 3 or 4 times besides + been
 round on short trips quite a lot
 Sunday after Sunday school was
 Dora came and took me to town for
 dinner. Held her baby on her lap
 and drove came all a lone. Had
 a fine dinner. Spent the afternoon
 Had lunch. they wanted me to go^{to}
 church, but declined They all went
 but Dora. She + Mildred brot me
 home. put the baby to sleep first
 it was after sundown when she
 got here + a storm coming from
 S. over the lake when she returned
 she wants to come and get me
 again, but I don't know. Say she
 looks well she says she is not
 so big round but bust but

but-oh! her turma + hips are big arms
 and legs. She looks quite a lot like
 Stella from the back. She has a very
 fine boy. his name is Paul just
 learning to walk a little. Still looks
 well + speaks better than usual
 and understands all you say
 anything that tickles him he
 enjoys it a lot. all in all I had
 a very nice day. Ray did not
 have much to say + Ora did the
 visiting which was O.K. with me
 she told me she had never had better
 health in her life than now. Her
 teeth + baby coming seem to just
 put her system working fine +
 by the way she did not say as
 Spectunity I did not present but I may
 suspect just the same. She was very
 nice + pleasant + talked quite a
 great deal. Well am out of paper

(5)
Well Mabe has been up to see
me once + M.A. 3 or 4 times just for
a few minutes. Mammil 2 times + one the
same. The Kiddy a couple of times
Darnay bro - his baby he + Mary +
they have a very nice one + are proud
he is thimmes has 5 other baby +
Mary sleeps + it is telling on him
but he likes it. Ok. it is all in getting
use to it I guess. Little Dennis is
sure a live wire in to something all the
time I have never seen the beat + when
she gets sparked. never notices it unless
it is hard + then only cries a minute +
all is forgotten at it again. She
sees her dad handling the truckies
and she does the same. grabs one +
over it goes in another pen or out-
side you can tell her not to but she
first before stopping to listen to what
are saying. Walter feeds + is continually
at it + I mean at it. Her + Rick would
make a team of bronks + goers.

Well I've not been out to see
round yet to day so I'll quit -
+ walk round I am eating eggs
+ bacon + am gaining strength.

It surprises me no flote & every
part good but rheumatism in
shoulders. I like the hot weather
& feel better than in I. B.
& think I will till it gets colder.
How are things there & the Inn
at W. — ? & How are you &
sister getting on? & And Mary
& every thing in general.

Tell Mr. Wright - I've not had a
word from Boyd of Denver yet,
Tell them all Tell Opie & I miss
them & all the neighbors on Carvota
Tell Mrs. & Mrs. Prince Regard & well
wishes and J. J. will soon be

& good luck. Regard to Jond wife

the days & picture of our house &

Pickie & to last but not least -
Will.

My Dear Ida

a line in with mam's
to save the 3¢ stamp. What I
said to her goes for news for all.
Just read her letter & it will save
replying here. You know the stuff
you sent to Peter Jack did not
arrive till yesterday. Mama will
drop a line & tell you about how
she feels. so it is to her, say

Well It has done me a lot of good
coming home and I sure was
not any to soon for something
stayed with Little she sent
regards & don't know if I mentioned
before. House is very dirty & everyone
working hard. The old place inside
is arranged different - since I left -
and conditions are mixed if you
some of it will be a good thing
& see if you can't help to get -

things straightened, I think it-
will help me a lot - ask J. &
J.R. will listen to you when
no one else. Now if you can
stand the trip come a long with
mother if it is only for a day - da.
As I said before if Bob goes
anywhere for a vacation & you
don't go with him come if possible.
There is nothing that would induce
him to stay a day & if you come
with him it won't help me but
little. You see I have a question
here to be handled & I think can do
the trick. You know best so do
as it comes to you. Would like
to have you. Love to you & Peter

I remain your loving Dad

Single, Idaho.
July 18, 1933.

Dear Ida,

Yesterday Mary Ida brot up
the darling rattle for the baby and
the sunning pajamas for Denise.
We are perfectly delighted. I had
been wondering what the baby
could have for a toy, he has been
wanting something to hold so
badly. He loves the rattle and
licks his lips so hard as he
shakes it with his hands. This
all excitement then. It is the
prettiest one I've seen too.

Denise was so pleased with her
pajamas that she had to wear the
ones with the little dogs that
night and before going to bed
she had to have the flashlight
to go down stairs for Buster to

see them. They're just dandy and
the very thing I've been trying to
squeeze some time out to make.
You see Dad, they were essential
for both of the "kiddies". I'm more
than glad to have them and do
thank you many, many times!
It is so good of you.

Dad says you may be up for a
while this summer. He all would
love to see you. Denise talks so
often of Dickie she wanted to
write him a letter on his birthday.
He talked of him frequently that
day. He looks so nice on the snap.
A fine big boy.

Dad, if you have the pajama
pattern and wouldn't mind, I
should like to cut off a pattern and
have it for winter ones. Also any other
patterns now that I have a big boy
to sew for, too. I would promptly re-
turn them or take them off while you're
here. Many thanks, lots of love, *Lucia*.
