HOT MINERAL BATHS

Lava Hot Springs, Idaho May 27-36

My Dear Girl;

Here I am at Lava

This is the third time since I came home I am enjoying the baths. The old town is looking up since they have started the Foundation as they call it. That is the same as Roosevelt Warm Springs in Georgia and some day may be greater than that famous place. It has the water to develop it run right. Two large buildings going up. It may take some time to do the

I have been here more
than home seeing to the
lots. I have here & taking
baths I shall get busy
to first & see what I
can do on the ranch I
should have been here to
first of April. No water on
some of the meadows yet &
cattle in the fields Mon.
when I left & come here
It sure is discouraging
to see things as they are
I'll try and have the
place look as well as I
can but not so good
as last yr. Lilacs were
just budding when I got
here and now almost in
full bloom. Will be some for
the 30th 1888

coming fast over road. 1/2 of

Well there is not much to
say. Will be leaving to-

a hard job to get by

All here have you to
