My Dear Gil:

Just a line now while I am waiting for the men to come to work I am fencing the stack yards & getting ready for the cattle. Well Milton has come and gone and it seems like a dream. He got here Thurs. eve & left Mon. A.M. and he seemed to have a very nice time I tried to make it as pleasant as I could. As I take it he came thru with his friends. I had a good time Sr. Provo & Ogden. Bro. Ma Grix or other way about & got here OK They seemed to enjoy everything & have a good time. I seen them often but but did not mix much. The men is just in & taken my time so I'll make this short I've got to be going. all the time I got with M.P. was from here to Halls place & back. all the rest of the time he was busy. I had a lot of things I want to show him & tell me a lot too but mix, no chance so here I am changing all my plans & I'll just busy for more than I can stand. As I see it things are

mixed badly. Lois is not going to L. B. Jean has
gone & did not come & say good by. Well if
that is the way you wanted it it's OK with me
I am willing that you can have anything
you want. You know more about it than anyone
else. When I was disappointed in not getting to
visit with Milton. I sort of had a plan but it's
all off now. So I will see to some other way
It seems to me he gave his lady Svenson more
of a visit than I. but that too is OK same as
The Kroge family. It will all turn out all right
in the end if not can be forgotten quick
way out. The less we have of everything the
less trouble we have. So there is no great loss
with out some little gain & when you have got use to
little gain it should not be so hard to get by
I am going to do some work in the Seminary
this wk. When done I'll tell you all a
bout. Hope your health is improving all the
time & you soon will be well, and when Benah gets
home you should have the best of care (you deserve it.)
Well I'll take this to the mail will just have time
Have gumped the of in a hurry & a bad pen so
get at the most of it - & I never do look it over
I send my Love & Best regards to all love to you Will.
