My Dear girl,

I got your letter just as I was going to mail you one & in time for me to change the address your Gov. check was forwarded the day before. We are going to Haying all over and some crop too. The only drawback that is now in sight is I just can't keep up my end as we to do every thing I do or have to do is like my letter writing behind will be for sometime if reports on the M.A. by the Old Norton Place or Valentine as now called they know it looks like he made a good bargain at it. If he can make the grade that is to be seen yet I hope does, M.A. shows that time has not been as kind to him as he deserves. Well you will see him when you get here I feel you have started and will come. We all are looking to
