My Dear Nora:-

It is after 9 o'clock all
have gone to bed and I am not
sleepy yet - I have not been out
of the house since Mon. It has
been cold & snow has not gone
the best bit. Lett. Hall & Stanley
brot 176 head of steers yesterday &
were branding all day till dark
they went home & the boys are
tired & sleep. I would like to
a long letter but it was too
bump to send, I'll not I start
to tell how I feel but can't do
I will let it go & it will explain
its self later. Can't tell just when
I will get a move. Things are slow
& when I wait it seems nothing
go at all. Would like to be out of
here very much but when & how I
can't say yet. Hope all of you
folks are having a fine time

Clark go home to morrow Has
done a lot of fixing for Mable
Norma & Denis are fine and all
the rest the same. Silence all
round make things seem so strange
and I don't seem in the mood to
write any more Love + Good Night
Will,
