Dec. 4 - 30

My Dear Nora,

Got your letter last night & pictures of Rickie was glad to get them. I am getting real anxie to be with you. but not for a spell yet. The 10 is the last day for an appeal in the ditch case Quayle had 10000⁰⁰ to spend on it so he said but the rest have weakened & paid up on the first but he and Barney uncl on the morning of the 11 I'll know & if he does not get a move on him he will have to pay or in 30 day his stock will be sold. I'll not stay for the sale so if I am able to come I'll start just after and will come

by way of S.L. + no go to Fresno
this time I would like to see
them all but not this time
Everyone is quite well all but a
a bad cold Rodney has a very bad
cough but working all the time
I hope he lands the Co. Agt. job.
it will pay round 2500⁰⁰ now + 3600⁰⁰
later he has a fair chance to win
if I only had things fixed so I
could come I would be off in the
morning. Have to go to Tuda + if I can
make arrangements that seems to
be the only hold back. You see my
catts gone my credit sliped too
and when I arrive in F.B. I'll be a tramp
and that will hurt me badly I sure
like to know I can get a boost if
I need it but just now is is a
question time are so hard here

a boost is a raw thing for any one to get. Well we have 30% foggy & bad weather just moderating a little today

Ray has Lindsay paid He & Mona just came in with sheep 3 da. ago. He has been moving camp & he herding. I'll call and see him soon

Just think it will soon be the shortest day of the yr. and it looks like I will have to be back in May or sooner

How is property selling there? is it still coming down? Thing looks topsy tervy here! Wheat less 50¢ per bu. at less than 1¢ Taxes gone up & pay day coming regularly I.W. is chopping grain & I will have some sent down in a few days & as soon as I can get round you see I have been in doors all but 1 da. in 3 C.W.S and all the time just loafing & it gets tired

just as well been down there with you
but could not leave I guess it is just
as well I am getting such a crank
that the time I'll be there will be long
enough. The boys will soon be here for
dinner so I will finish Norma has been trying
to get some pictures of Denis but said Rodney
would not help her any time & he said that the
Sun had not shown for over 8 wk. so you would have
to blame the Sun. She is looking fine & so is
Norma but just the same former they are living
the So. room & have their radio in there & are quite
ok. Well some day I'll be in L.B. and hope you are
feeling & glad to see me.

Well Lee Darney has just
come in and brot. Alf's check for his
dues and said he saw Bouncing Billy &
he said he had decided to pay his so I
I am looking for it now soon & if he does
I soon will be on my way to L.B. for a short
stay & love I can get in state for

operation for I want to come home soon
 + fix the place here + plant several
 hundred ever green trees. Something
 tells me this is going to be my home
 The last 5 mo. has had me in the
 air I sure have had my fighting tops
 on ^{WW} since Lee Darney gives the news
 I begin to feel a change. When you
 have every one + every thing agns you
 and you back against the wall +
 fighting for your rights and an
 existance and a seemingly chance to
 victory it makes you feel difrens
 in some ways. I have a few more
 notty problems to handle + I don't think
 them so bad but what I can handle
 them then I'll be then and ready to
 quit - the only fear I have that I
 might have to quit before I get
 them. I hope there is no financial

strain there I can't stand much
till I have a chance to turn myself
round a little 8 or 10 mo. or so.

I missed in my calculations
when I counted on a little help
from the boys. I looked to the
future for the event that now is
at hand and that they would give me
a hand but I missed. They have all
they can do to keep their own boat
afloat so this makes me do some
figuring. Well I am feeling much
better just now any way
I send Love Greeting to Ida
Rickett Bob.

and Love to you
Will
