

Wingle Nov. 10-30

My Dear Nora,

Yours of 4th inst: got-here to night got-it on my way from Paris where I had been all day waiting to see the Commissioners. They were checking the election. Dem. won all Co officers but corner F M Williams got that - no one was against him

Will send you the returns as soon as they are published. The slip at head of your letter was no surprise. The way of all flesh. His friend will feel badly no doubt. It was nice that you stayed in L.B. this Summer.

My cause with Commissioners I think will be lost. It was regarding Musk by ^{aug way} ditch. You see I was alone & had Bill Q. H. Calcutt & the sanctified bunch all to fight. But it is off my mind & shall forget it

The written conclusion of the arbitrators
were marked for filing da. and they
have 30 da. for an appeal if they want
to take one. Some rumor that there
will be a suit - to dissolve the R. Co. and
make it as it was before just Co. I am getting
real tired of the game and wish it was
thru several other motty things yet to see
to. I wrote J.P. Ream reminding him of
his promise told him I might have xmas
dinner there but if he went sooner that
you would take care of him. To morrow
is the 11 I'll remember that - and hope you
are well and have a nice time. I'll be in
Montpelier same as the 29th Ma. Densby black
are going up Geo. town canyon hunting Rose
& camp over night. Oh! there is a lot
of small talk but I can't write it all are
well J.P. has a bad cough - Her wife &
baby were O.M. - to da. I think all is O.K.

It has been a queer day for me and I hope to morrow will be better as I have to go to Town. The boys are still plowing & getting a lot done. Every one seems to get speed but me and do things. I just can't cut the ice as I should. Say did Lindsay write you? and what did he say? It seems he is trying to beat the bill! Let me know. We have got to have that money if I ever get to L.B. I have got to have money enough to come & they are spending lots for their comfort & should pay. Things are still hot over the arbitration. I am very well worn out sure a hard yr. for me.

This is one Hell of a letter you will have to imagine and do a lot of guessing. I am quitting Regards to all
Will,

Dingle
