

Dingle Sep. 30

My Dear Nora,

Have had several letters but just neglect writing. Well Dreams are just the opisite. so far I've not improved

Saw W. J. yesterday he is about the same. They informed me Glenna's Edwins wife was buried at 2 P.M. The time called on there. They got a wire the day she died & that was Fred, & never said a word about it. Well I got the best of them I told them Frank was married on Sep. first. I sort of got them. Mrs. Bates told me they were to be wed that day, I hope it is so. It is cold & cloudy and I feel it.

No Sun shining yet to day. The boys are behind with their work on account of bad weather. They have a lot of wild hay & put up yet. J. R. starts binding to day.

W. J. is helping them but soon will have to be on his grain. Every body will as usual. M. A. does not look the best. neither does O. W. all are working hard. Norma looks well. her brother was here Sun. & Mon. & had a good time. & when he left said he would be back soon. I don't know what that means.

Well about Leonard Elda & Maud they were
here about 3 days and I never ate a
meal with them and they stayed at M.A.'s
all the time. So we had a fine time. as
you can see, you can see I don't fit in
very good any place. Some how there is a
fly in the ointment. but why should care:

Well we have sold 90 head of steers at 7¢
a very good sale 1¢ above the market price
some difference from 18³/₄¢ of last yr. So much
for horse & snow. Wheat 54¢ per bu 60¢
per cent. for Barley. The boys got 6⁰⁰ per
hay very good. I got 2 installments of
interest - paid one left & delinquent taxes
^{still due}
~~to be~~ the shingling for the house paid
but it will be hard sliding from now on

There has been a no. of sudden deaths of late.
About my coming down I have not given
it a thin eye - you see I have but a little
time to do things in & it seems slow to
get anything completed. I wish I was out
of this cold country als wish we were together

Am glad you are enjoying & having a good
time you have earned it. As for me I'll go
thru. forget and don't worry. I keep on enjoying
yourself. Tell Ida I got all the pictures & appetites
I have shown them to many people & all got a kick out of it.
See & love them and see all said stories 12-18
