My Dear Girl:

I have had 2 letters from you since you left and I just sent Mr. P. a letter to day & this is the second one I've written and it sure is a job to write I just can't see at it. I was pleased to learn you all got to Cal. Ok. and you found your place in good shape. We have had some very hot weather here but the last few days it has stormed some every day if not here it has been right. Forest was here 8 days and seemed to enjoy it read all books went when he pleased & at what he wanted & at the time he was hungry & all he desired & did not make his bed once & went & left it just as he got out of it. did nothing to his room and it is still that way I did all that was done. He was nice to me & I like him better than any of them and he will be back next yr. I never seen Maryland after she was here she and Dave Rog & the Hume girl came the way the day we took Forest & Paris to leave for home. I understand Lucile had a room built for her dad & he is going to live with them Well that is news. Doug shook hand with me when he went. He was in a hurry because he came for him a long & was 2 hr. late & they had to go by monopolize to our good by & I am so & c.

and was late in garden. Tell this all he said (he  
good by Dad and be good. I expect him to say  
well when you come to Berkeley we will be fixed &  
can take care of you. I noticed he was very  
insistant on Ida coming and stoppin when she  
came. Well I have given quite a little tho - and as  
it has been very unhandy to go by Berkeley I  
believe I may just come straight to L.B. if I  
come. The ship gets harder every time I make  
the haying is done but the last crop of alfalfa  
& it is ready & it commences his grain tomorrow.  
Every one busy & the rounds are just the same  
here all are well & working all they can stand  
Your place must look grand from your  
discription. How are the figs and olives?  
also the mocking birds? The lot is full  
of birds here of many kinds. a card from  
Doug. & he is very busy 3 babies & one recipient  
of A. in all. Archie was here 10 min. just  
came said he had just so long to stay &  
how do you do & good by in one. Heve  
sat down & I never got ~~up~~ from chair  
He is on his way to Guy & the fair & to  
L.B. & Santiago I guess he will stop &  
see you for a few day He said he was  
going to so you can look out for him. Love Will
