

Hilda

10 November

Congratulations!

Just this nice note to remind you that the first hundred years are the hardest — and look what a grand start you have!!

Hope this will be an extra special happy day for you

and that we'll get to see you
again, before another anniversary
rolls around.

Grandma sends her very
best regards, as do Herb and
Miriam, but as for me —

Love

XX - for grandma
XX - for grandpa
