My Dear:

There is a lot to tell but, I have been just almost-out so much so. Have done really nothing. This morning I road to see Mr's turkeys and back down in the field to see to some ditching & other things about the turkeys. They have the finest that he has ever had. Up to date I understand he has 8900, and in 10 da. or so will have 2000 more. All are working hard and really doing things. And I do hope they make a good winning. Gophers all in here at home and are at it in full force night and day at the Flat. K D is working hard but it is very slow where there is just one pair of hands to all, but he has the real stuff and if his fuck does not quit he will win with flying colors. He is having a lot of trouble with his fuck. All the rest are hard at work. Shearing on dooking and W & M, have their sheep to put in at P. I get. There is a lot to tell but I just can't do it just now. So you will have to come and see the Old Place this Summer. All are looking for you (By Train)

As for myself I am thinking I will get better. Had a bad night & so yesterday. But will see if I can't hit something that will keep me going till Beulah <sup>and</sup> Ed comes. Have not done much yet come in just a month, & <sup>to late</sup> lost all my planting last fall and to date have only got the piece E. & S. I got of Quayle plowd. Now am trying to get some one to help me for the rest. Its look like I am just almost a failure <sup>and</sup> it will only be to bad for all interested as for me I can't take it with me. If I have any better luck will tell you later.

How ever I'm wishing you a happy Mothers day Sunday. As Doug said over the phone I ought to be proud as we all went thru the depression and are on to <sup>and</sup> none had to go on. The Doll you have a very bunch of very fine kids. Give my regards <sup>and</sup> love to Ida. Tell her I will someday soon write her a long letter. I am wanting to ask her some question & will write again if I am not to <sup>turn</sup> so much to hell but out of paper time so me. Sign off Love as ever <sup>Ed</sup> Ed. If my Pa has not arrived as yet & I am looking for it every mail. Take good care of self. I know you will.
