

Wing 5-4-39

My Dear,

Your letter from M.P.'s came to say and it is good to know that all is fine. Not how I have been here since Sunday and have been a round much just can't cut the mustard and it looks just like the last yr. every thing is and has gone against me and I guess it has got me at last - if I don't turn for the better it will be of no use I was at Milton's till the 29. got here the first I was there all the time never got to Ouz's once or to San Francisco once did not get my hernia taken care of and now it is worse than last fall. If I had not have come it would much worse. The trip is the worst I have ever made any where and I don't think I will ever make another one over that row - if I ever go again of all the things I have so long counted on will now than likely never be finished. I got the piece of land from Quayle's plowed by J.R.'s big tractor I had to go out & see

done and burn what-dry weeds while  
they were blowing I got so sick standing  
in just-but-quit. I crawled thru the  
ditch at corner of lot by laying down  
flat & getting up after getting thru and  
it hurt my side again. Art, <sup>and</sup> Wiles-  
Gregg met-me in Ogden & took me to  
their place till train left. I hurt-my  
side both getting in and both times and  
eating besides which made the rest-  
of the trip tuff. got-to Montpelier and no  
one there to meet-me had to phone &  
wait till R came for me go-home  
had a cup of coffee with Norma & went  
to bed and R.D. never knew I was home  
till next-morning I was getting up  
when he came in. Have not-been  
North of house to see my little trees &  
it seems I'll not-get around much  
for some time and lot-dry & can't get  
any one to work so it will mean I'll  
have till I quit-for good for I am not-  
going to try to go to Calif any more  
If I had followed my plans I  
would have been a head or dead either  
would have accomplishd something

3)

now here I am to late to do & more than  
 two times as hard. Some it seems that I  
 can't get a one to do very much of  
 any thing for me if they do to me it  
 seems like I will never ask them a  
 gain. You see I was at Milton's  
 along time never got to see Kusnik  
 nor had a treatment 3 or 4 diathermy  
 on my face & they did me a lot of good  
 a good treat-ment - would hope  
 cured or at least made it much better  
 Well it is all over and forget what I  
 have makes me so sick and I am  
 getting very dizzy most of the time  
 and nervous M.P. gave me 4  
 treatment for prostatic trouble & said  
 it do till as the gland was not  
 all bad I had the las the night I  
 left and that was like on the plain  
 not so good. Well not very long before  
 I can tell you now. J.R. has just  
 come in and taking a treatment  
 of shaking so I'll quit till morning  
 hands will soon be in be & the sun  
 is just down so good night with love  
 M.B.

Friday, and K.O., will soon be here to take  
the mark. Well all things are going well  
worldly for most people here. Sun  
shines & Spring is here sure  
I am feeling some better to day  
If I keep on I can do something  
next wk. The trip almost got me  
The freight I sent - got here in good  
shape & the shaker is working  
here in the kitchen and J.R. uses it  
most - I can't reach to plug in so  
I can look on & see the rest get the  
shaking. I am losing weight  
now & have a change of cats

Have just now some duffly spells  
when down & as turn out to  
get up it is miserable but I think  
it is my belly more or less

Tell Dda Ricky & B Lee all  
I send my love to Sammie &  
you and every one that speaks  
of me give them my best regards  
and sending a letter to Bill  
if I don't get too nervous to  
write you I've gotten all your letters  
& ans. all the when is just -  
Love Will;
