My Dear girl:

Totally you your nice long letter came in
2 or 3 da. ago I am glad you are having a
good time and all is OK I am just
going out with the U. for a short ride
will I have just-gotten back, gone 2¹⁰ minutes
am quite warm and feel groggy. Well
I shall leave for B.L. to morrow night at 8:30
and will get to Montpelier Sun, about 8:30
and one thing sure I will be glad to get back
It seems a long time since I left &
it may be that it won't be so nice when I get
there. Had a card from U. & he is thin
-cambing and some are out on grass
An early spring is here so they think
Well I have not got my truss fixed yet
guess I won't - Did not go to Truro &
I was so disappointed and going back as
I saw but it seems my luck so that is
that - Well I'll do the best I can & forget
all about it the only I see out of it
I suppose your doing OK and Rexie
will soon be down to stay with you! Not
long till school will be out, 3 mo. till
Aug. But I think you should come
to Dingh sooner the middle of July
would be OK and better all round

At present I have no plans ^{to} ones
I had all the time till now & they have gone
to the winds and a lot of my ambitions with
them. Have had one blood pressure. No other
tests thru treatment and they seemed O.K.
Don't know if I get any more to night
or not. Have not been to Diego yet - &
it look like I'll not go. He is very busy
same as Bill. He and Lucille met over
2 times. Some of the kids are all but
Elnore & Nellie. They have not finished
their house yet - but - may soon I
believe. Eug will meet me at Station
when I start. Don't look for any one else
Eug is looking for other girls & Lucille
is not feeling so good. Maryland came
in never looked at me just a few moments
before leaving. They had to go to a show or
some place. I did not quite understand
at any rate they had no more time to stay.
Maryland sure is very large and seems
to be larger than my mother. Forest is
almost as tall as Eug. They are well and
so are Bill and Helen's baby is starting to
talk & is growing fast & a very bright
boy. Helen is taking music solo's. Susa
both doing fine and all seem happy. More so
than I've ever seen them. I guess their
health must be better and all in all
on a smooth basis I would guess at any
rate. It looks good to see them. Because he is
working so hard. Tell Ruth I'll write her
soon. I'll write you all. Love,
I'll write you all.

My dear Grandma Ream

I've been doing a bit of secretarial work for your better half - and enjoying myself tremendously. He insists that he's going to be on his way tomorrow - and he seems to feel pretty good. I've had such fun chatting with him and only wish you were here, too! Am already looking forward to the fall, for then perhaps you'll be coming up this way. I surely hope so. By November the McCaus will really have something worth-while to show you - so keep your fingers crossed for me!! The McCaus may die but they never surrender.

Wonder if you'd do me a favor. In that book you have of Major Bowes poems, I read one I liked, and meant to remember but I've forgotten it. Maybe you can find it for me. It's entitled "A Prayer" I believe, and starts like this -
(over)

"God, give me sympathy and sever

And please, a twinkle in my eye!

I can't remember what goes in the middle!!!

Really must be on my way home.
I think of you often, particularly when someone
admires my knitted piece.

Hope will soon see you
Love

Linda

P.S. Grandpa Beam said to tell you he got
all five of your letters - all of which were
much appreciated. I think you are a very
dutiful wife to write so faithfully!!

W. H. Ream
