Dear Mother,

I'm glad you and aunt R. are together again this summer. I hope she can stay there plenty long. I'm sending \$20.00 to help out where you need it. I am doing well enough with the practice but don't expect too much as I'm only working until 1³⁰_{pm}. I never have been in complete sympathy with people who work them selves to death for money and let everything else go by. I find it quite pleasant in the new office. It is clean cool and quit plenty of parking space.

I think you are quite wise in not going to the ranch this summer. Every other summer is often enuf. The strain isn't worth it. The boys are too busy in the summer to visit much, and there is nothing else to do.

I didn't expect Dad would have his treatment as the success depends on keeping the truss on and you and I know Dad would not keep anything on even if his life depended on it. He is not built that way. The best I can hope for is that he keeps in condition so he can have an op. if it strangulates. Doug & Milt may have hopes but if they do it is because they don't know him.

Dad's letters have been more cheerful lately but the place will get him down after he has been there a while as it does everyone else. I hope it can be paid up and paid as we planned. It can't unless some one takes charge.

Rodney had a seizure & I've written to advise extreme care or he will never get over the high heart. If it were I would be worrying more over him than the whole of Bear Lake to land - He really won't be set back a year as he was unable to get into a medical school anyway. It may be a good thing, give him an excuse for another year.

His letter & Norma's letter didn't sound discouraged and that's the real thing that counts - If he is careful he will be O.K.

It has been so hot here that I've been completely collapsed every afternoon. It cools towards night so by am I am ready for work again -

Thanks for the diet. I am putting a diabetic pt on it next week and I hope it will help her. When I think of how Aunt Rosice has done she should be help. All Aunt R is Sybil is still planning ^{to} coming over. The invitation still holds good. She would be perfectly Conf. with us & I know she would have a wonderful time.

Well more next time write when you can. Take care of yourself and be sensible - don't do too much. Love to you & Bob
Bob Beulah

Dear Mother,

We were glad to hear from you and that you are feeling good and that Ida is back. I wished you here many times this summer, Mother, but you will have to come another time.

I am waiting for Ken to milk because we are going to Montpelier to a show. He have not been to any shows so far as Ken has been too busy with haying, and rounding up cattle.

Dad, Lois, and I, canned aspicots yesterday. We have some lovely raspberries, too but we like them so much, fresh, that we are eating them that way. We have eaten 9 quarts in a few days.

It was very cold for a few nights - we had frost, but now it is warmer again. Tibby came out of it lucky, with only a slight touch on his string beans.

Had any mail come for us?
I suppose something from
Bank of America or advertisement.
B. of A. send my statements.

I stuffed a bird and we had
a nice dinner yesterday.
Mable, Mitchell and the children
came in and helped us eat
it.

Milton was very happy
to be on the launch again. He
was singing around here
all the time. You should
see how fat he is!

Norma is busy canning.
She washed yesterday too, and
the yard is full of clothes.
I washed over at "our house" and
it was fun. So far, we haven't
slept in the tent. The mosquitoes
have been bad.

Everyone is fine -

Love from Ruth & Ken.

Sunday Aug-38

My Dear

This is the first writing I have done since Ida left - I'd that I have been working but - My was how a wk and I have just been just lazy & no good Bill had his blood tested come by mail just to give me a test & my pressure is only 100 & my left leg has been swelling & all in all I am just a little out - Hart-64 and rupturs are bothering some so I am just quitting so I will be on bed a great deal of the time till I make the trip to San Leandro for my birthday dinner on the 29th Oct. Soon after I will be in L.B. to vote so I can get my pension I hope you are keeping well and we both get it which will mean a lot to us I am just planning a lot of things to do that I have been longing to for a many long years. It will be a pleasure to wind up with a special success when I quit & go off the job. con

I guess I da has told you how
she enjoys her visit & hated to
go back And so it was with Bill
he was here one wk. & enjoyed it all
the time he was here And I know
that you'd have done so had you
gotten here. Have not done too ^{part}
of what I counted on but what has
been done sure has seemed good
& appreciated by all that have been
here. Jo, Clara, Evalist wife was over
Mall & wife back same day & Jo & Clara
stayed 2 days & all seemed to have had
a good time. Gen. Hopkins was here
this morning & had breakfast. Ly Logan
5th, got here 9.00 I was having a bite &
he had mush, coffe etc. K.L. R. were out
up. K.L. Milled got it off on Milk Tr
& went back to bed as he was tired.
He is doing all the stacking about a
5. bucks a day & it keeps him very busy
all the time early & late. J.R. I think
had & does not talk so good & Bill talk
him to cut it out. But. ?) He has 5100
birds out the fines he has ever had. - read da
letter & the two will give you the news even I will
I think of you every day Love as ever Will
