My Dear Just a

line to put in a letter. I think you are still in L.B. But I think you are on your way up here so not so long a letter.

Bill Carroll is here. He came a wk ago & stay and will be going back in a day or two as H. R. is not here. She came home for a wk. & returned to Provo & work for 2 mos at 2⁰⁰ a day & pay her expenses for the comm. for.

Bill was milking & got his knee hurt while putting a can of milk in the Spring & he thinks he will have it treated or it will get stiff & none but Dr. Orin in Oakland can do it. But that is just an excuse. He is just a sick & paining kind as last yr. I'm not in any humor to fool with him so he may be going before R. D. gets here & I will be with out help. I have had a little work done but not so much. I intended two wells going with mottled hunks on them - & did the

work with Lilacs + a few trees +
planted some Ash Seed (not coming
very good) I have been raining for
all the time rained some every day
for over a wk + some days hard + a
lot of hail too. To do, is is very cool
+ cloudy; K.D. was to have been here for
now but not so. Mable's Mother is coming
with Roy + wife they sent a telegram
+ Ma. looks for them at night or
tomorrow night Ida and Jess are
having a very good time it seems
+ I am glad for that and how is all
the, garlic + etc, etc. Now sending this
in has letter + if is now full so this
markets it will fill at Ida says repeating
that you will not be coming but I
don't believe it till I see K.D. in
+ you, not be with them - I am expect
you as I do not think that you will ^{do}
as you did on the last trip. The trip will
be easy + pleasant - on the Chavalinga
+ you can rest with Roxie in S. till
K.D. picks you up + gets you to Dingee
The trip can't be very hard not so bad as a
may come you have much Love Will

Ida has come in told me
she had sent the letter off so I'll
just write a few lines more a
letter to Paulah. I am sending
has one to you, so this will
be 4 or 12 hr. gone, so I'll
try and finish. Bob. Father
last night round 10 Oc & K.O.
has not showed up yet - Bob. Pass
then 40 mi this side of Cedar City
& K.O. should have been here
before now to day. It's now
after 20c. & K.O. sight yet.

Bill Carroll got his leg hurt & is
off for Oakland in the morning.
The rain & what thing does
not look so good & a few not
coming. I am disappointed almost
as bad as when you did not get
on the boat day. There seems to be
more mysterious things lurking
and I'm just wondering
what will turn up.

I hope you are feeling fine
and its not pet sick while

alone, have not finished getting
fixed up yet. will try to get
more done this wk.

It look like I am to do it
alone & if so I may change
plans I am getting off of
trying it much longer

Lucile left for home today
went to Ogden with her bro.
& will take train to Albany
I think she expects to sleep
Aug. & fall,

She gave me quite a
by this time but that is ok.

Wife J.R. is off to M —
& I'll just quit for a
bit by him. He is read
