

My Dear:

San Leandro
4-8-38

Here is another day
and 12:30 PM

I am expecting to go to Frisco
this afternoon to see about a land
nothing can be done till I can hold
her in place. So my time will be
calculated by the time I go home
If the thing can be done I will
have to be back here for the treatment
But look not so good but that's that

Pretty Kitty & husband have come to take
me to Frisco. so will any, when I get back
will how I am back + new day. And
I got a tuss and it seems to do the
job. I sleep in the old one + today is first
time Bill put it out. I've no trouble yet
and it feels good. I believe this is just the
thing. I hope so. It seems so good to be true
what I learn now about it I'll let you know
I am on regular + if there any good from
eating I am going to find out for sure
now or never. Have not seen anyone
but Kitty. Dr. Kurnik Dr. said he would
see + arrange with her. So to wait is
the system. Since has gotten bad since
I got her and it makes it hard to hold

Helen got a letter from Helen May & it said
Mamma got her leg broken 4 in. above the
knee, 14 or 18 of Mar. and was in hospital
had been 3 wks & had bed sores. Has a 15 lb
weight leaning to her feet. C. W. was leaning
and it was tormenting his knees an heavy
This is all Helen reads to me. It is bad news
Oh! yes the morning got lost - by a table fell down
it gave way under 300 lb of pork & fell on
& put her leg 4 in. above knee. I can't see the
words I have written - you will have to guess
signing off till morning.

Sunday, Bill has gone to meeting & Helen is
busy as can be, but all as pretty well & the weather &
flowers en ground as usual it is the boy, Clara
Cless and Gordon's wife called & I got to see her
quite nice looking. He has another yr. to go yet.
He is still commuting to school from Cless as
I understand. I put my trousers on alone & it seemed
as yesterday and I am awfully glad.

Have not seen anyone but pretty Kitty Kelly
she seems very nice & is still on the job
and in good health so far and so is Helen.

There is not much else to tell only 175 lb is
my weight now. This is all till next time
Hope you have all the good luck & a good
time and give my love all

Love as ever (Will)
