

Dear Mother

Thanks for your lovely letter. we were so glad to hear from you. I was going to write you today and Dad just called to me and asked if I wanted to write a few words.

I am leaving today or tomorrow for Long Beach. Ken seems to be feeling a little better and will come later. I think he will go by San Francisco and let Douglas look over him.

We are starting work on the cement again. How I wish I could stay another month, but it makes teaching so hard to get a "bum" start.

My sister and her husband were here, visiting a few days. He went to Bear Lake Springs for a bath and had dinner in the dining-room when we returned. Ken made a nice fire in the fire-place, and it was so cozy. He had fried chicken. I have made some apple butter and I will bring you and Dad some. When Ken comes he will bring some more. I am going

night & she is here for a short time
I guess. He is getting on very well
& all are well, K.L. & Ruth not so
good. K.L. has been laid up for a
mo, almost & before was misused
I-be he can't do much for some-
time, Ruth expect to leave for L.B.
in a day or so she will be there for
school, & K.L. will follow soon it
may be, & as for me not so good

Truss does not amount to much
Have done but little since you left
got the fall that day & it was a
bad one, as to being at Milions on
the 29 is quite doubtful, can't tell
till later both sides give trouble all
the time but, I'll go along as
usual so don't worry

Give all my regard love to
Ida & Rudy & B. Lee. As ever
fore
Will.

My Dear Girl

Your newsy letter came yesterday & it was full of news & nothing bad, these are the kind I like to get. Can't send so good one from here. All are working. W's family busy. He has a combine harvested & James is helping with this yr. They deliver lambs today. Helen I guess is getting ready to go in training as a nurse & June may go to S. L. & school to

M's family are OK what are at home. Mable is East yet. Louis left for school in Portland. W. is after his sheep today also. Norma Pennon & Leola are home a lone. J. R.'s family are working hard. Ted & wife come Sat. night & the Old lady but they went -

canning fruit.

Norma's Mother is here. She came down and visited with Dad a little while yesterday and she is a great talker.

The children are fine. Lennie came through her tonsil operation very well and was around the second day.

We made goose berry sauce and I think there are no more berries left now.

I will see you soon. Best love to you, Mother and to Ida.

Paul and Len.
