Your letter came
yesterday. Seemed a long time
But we were all glad to get
it. Haying is on now but
I have not been out of house
this wk & the last 3 days have
been in house most of the time
My left eye is improving slightly
can see to read a very little & can
write some and I am glad for
it sure was a drag the way I
was. I do hope it keeps on but my
right one I don't have much hope
for. Yes Bill got home the
day you left but stayed on
a wk longer but was no of any
good. Had a letter from him &
dad and mother. The day he left
& air mail letter came telling him
to stay till Aug 25 & I persuaded
it. The folks wrote a very nice
letter. Bill wants to come next
Summer & have his Bros, but will
come a lone if both can't come

I am not considering for next
Summer. It was sure a let
down for me. Don't feel like I
to consider anything any more.
I got word a bow. The Muskley
Lake it is going over on 19 of July
win or lose. Notice soon will
be in the paper. The end of the
game & I hate to loose our but
things will have to change soon
or the game will be lost as I can't
cut the mustard against the
odds. I've had it does not look
like I'll get much of a break
now. Well I've sent for my tools
got word today its on the way.
Hope it is OK, as I sure need it. If
I go round very much.

Rd. R. R. than any North Canyon -
cutting & peeling & dragging & piling
186 trees had 30 peeled all up
but 37. Has night & 9 piled. They
will finish by tomorrow night.
Having any accidents. They have
gone every day since they started
& now get them - I will save

home, ready to stay & build
They are working hard both of
them Ruth puts in 10¢ over a day &
goes after it with a vengeance she
has good pluck & they ought
to win R.L. milk & 5¢ a day &
finish at 10 R.L. & is making
round 20¢ a week a mo.

Tell about the Box of shells
it is sure strange & you sure
don't know a thing about it?
That big shell got away last
year while you were here &
now a big box is gone & my add.
went out of my room for 2 months
while I was away & the Devil
only know how many things
have besides many things I
want when I go to get them
has vanished & hid away,
a side & nothing but my big
spoon has come home & one
night all by its self it must
come all alone for it was
laying on the table next

and was I not glad so I was
& now I make myself & my
hats content & its good to
I was getting nervous so
I will quit & go out & cut
a few wood Jim Bill left I
could not get any water for
my little trees most are dead
& I guess they will all die I
carried out of slope & waded thru
before noon. Well this is time
with the rest of things so
what is the difference?

Been hot the last few days
& may rain soon

Well I guess this will
do for now so will

Tell the Kiddies I am glad
they had a good time out here
I hope they will have a better
one Best wish & love them
& I have regards to Mrs Thomas
& the rest of any of my friends
say a thing Love Nell,
