My Dear Girl:

It is now going eleven & K.D.  
has gone to bed. Mama has just fill boiler  
on stove ready for the big wash in the  
morning. All things are the rush more  
so than ever. Will has just got men to  
head his team, went up to da. Lyons are  
running his thrasher. K.D. & M.A. been  
hills all da. & killed a beef after dark  
& will take it - Ed Rich early in the  
morning. Since K.D. came he has  
worked for me very little. Been helping  
M.A. & J.R. He is going to give 2 wk  
before leaving for L.B. So all in all  
I've gotten but little done this yr. I  
got my 12<sup>th</sup> fall a few da. ago &  
it registered strong. Am no good & have  
not been since I came to B.Y. There is  
so much happening it would take  
a long time to tell. Weather has not  
been very good this yr. & a long hard  
winter look assured from my view here.  
Have made no sales of any thing as  
yet. May make by delays if I but

can hold out & get - the advance in prices  
Bry have done nothing is getting the  
place diveded. It look to me they may  
procratinate to long. Time moves on  
regardless. I got the candy stand moved  
to the ranch & want to get into a shed  
if I can. I sure can't do much & stand  
much less. The W.P.A. are down the  
road at N. end. By Lindsay's thru  
Oakes place in to the Power Co.'s ~~place~~  
canal. & The Old Madam man tried  
to pull a smart stunt - got fooled & it  
sure was good. K.D. can tell you when  
he got there. Tell Dada the new hands soon  
again. Well about the beads. You remember  
what I have used was those cheap glasses are  
about the size of No. 9. wire I have a box  
1 lb. of the long ones & less than 1/4 of the short  
ones you can send 2 lbs. of the long ones or  
if you see something that will nice get them  
these are gold painted in side the request  
kind I would like them as soon as you can  
get them if you can get them in 10 days do  
so & send right a long. I'll write again  
soon. I'll write Dada & give more news & he can  
let you read it & you let her read this  
I send love to all of those that enjins about  
Love as soon as you will

KLO, is going in 15 min.  
Just a word about the beads

If you see some nice ones that  
would make ~~the~~ things get some &  
send I may a star in the center  
6 or 8 in, & some nice beads, would  
help out - & also in the end of each  
stone, I don't know just what you  
send what you think would do,

Mama is washing to day  
so I'll help a little. Love you  
will you - Love as ever I will.

P.S. get the beads here just as soon  
as you can -
