

without it. It looks to me  
like he would always have  
to use it ~~it~~ He is anxious  
for you to come down.

Our chickens are laying  
what eggs we need.

Give my love to all at  
home.

Write soon

Lovingly

Nora

My Dear Will - I got your  
letter a few days ago - was  
very glad to hear from  
home. I hope your rheu-  
matism is better and  
that the rest are all well.  
I suppose if your plane  
worked out - you are  
threshing now. I hope  
every thing turns out all  
right. I am so sorry  
Mitchell's back is bad  
again. I hope it is better now.

Has Wesley moved his family  
to Bern yet?

It is a little cloudy here today  
but I don't think that means  
any thing.

Aunt Stella and I are both  
getting a little stronger each  
day. We are not working any  
yet. Yesterday we walked 2  
blocks and back - just for ex-  
ercise. We went very slowly but  
got along all right. We think it  
is wonderful to be so well so soon  
after our operations. Aunt Stella  
looks younger to me than she has  
for years.

I had a letter from Beulah  
and she told me how awful  
bad Henry is. I sure hope he  
is better now.

Mr. Miller still goes with his  
crutch. He says his leg does  
not get strong enough to walk a step
