Dear Mother,

Yesterday was Mother's Day and I thought of you many times hoping that you were all right and wishing that we could be together. We (Ruth, G. & I) are planning on getting back there some time in Aug. if we can get & find a ship with room enough for us. The ships are booked full way ahead but we are coming as soon as possible after July 1st. We have had and are having a grand time here but neither one of us would care to make it our home so we are getting out while the getting is good.

I hope I can find something to do when we get there but that is something that is to be done in the future so we need to think of that now. We will send a radiogram

as soon as we find out for sure when
we are leaving here and when ~~to~~^{we} expect to
arrive there.

We took a little vacation
the other day and went to another
part of the Island (further inland) and
had a wonderful time. We saw the famous
rice terraces of Bontoc & Benau ~~and~~^{they} were sure
worth seeing. In some places whole Mts.
were terraced & where ever water could be
used for irrigation a rice terrace was made
no matter how steep the hill side if there
was enough soil to grow rice. We also had a
good chance to see how the other half lived
and it was not so good to my way of thinking
tho they are probably just as happy as any
one.

Now I must close hoping this note
reaches you and that you are always well
and happy. Don't work too hard and take
care of yourself and we will see you in the near
future.

Loads of Love & Best Wishes
Dorinda,

Dear Mother, We enjoyed
your lovely letter very much.
Much love to you, Ruth.
