Dear Mother

I recieved Dad's letter and card. Was sure glad to know you are getting along so well. We are doing fine up here every body well and doing ~~with~~ real good.

They are taking the sheep into the hills tomorrow & the feed is very good. Rodney seems to be doing fine with his turkeys. They are hatching fine, several hundred off already.

We have been having July weather here, so hot one almost roasts. It cooled off some last night but will probably be at a roasting heat this after noon. No rain to speak of but it is not needed very bad as yet.

The bilais are in bloom & I am sending down a few for "Mother's Day" and hope they arrive in time and in good shape. I am wishing you all the joy and happiness there is and a speedy return to health with all my heart. Lots  
of love  
Kenneth
