

Dingle Hacks
Apr 23, 1934

Dear Dad

I was glad to get your card & know that mother is getting along all right. We are getting along all right up here and are looking forward to seeing you & mother soon.

I guess I can not get down now.

I have every thing irrigated in good shape now but it look bad for water water. Beard was down to install the water meters & cut us down to five second feet and the others in proportion.

W. A. Lindsay Sr. offered me his cattle at \$1200 a head with all calves under one month old thrown in. Shall I try & put the deal over; I think I can. With lots of love to all
As ever
Kenneth,

Excuse the word
