Dearest Mother,

Thanks for all the Christmas Cheer! Cards, letters and gifts! I was thrilled to get the magazine which already has come twice, one a review number. I hunted up my old B¹ tablets and am going to finish taking them as the book says we shouldn't leave that special vitamin out. I feed my family plenty of vegetables and fruit and hope to get many new ideas from

Thanks so much, Mother. I am so glad you are well. My sister wrote she had called on you.

The weather is mild so we are not suffering. I had to give Genella all the hugs and kisses from you. I feed her everything now, and sometimes she is real well, and then again she'll have a flare up never as bad as before though.

There was Bob's Mother on Christmas?

Ken is busy making cupboards in the kitchen.

Loads of love, Lutz, Ken & Genella
several times.

Genevieve and I enjoyed
her card, and of course
Ken, ~~Heel~~ ^{was} pleased with
the lovely greetings. Pa was
glad to be remembered.

He had such a nice
Christmas. Had Mitchell
and his family over so
we were elated on
Christmas Day. He had
a lovely leg of lamb
and as it was Pa's birth-
day, too, had a cake for
him which Ken made - Candles
and all. Paul was here too,
and Lois, Ramona, Norma,
Lee and Parents. We popped
corn in the evening and

sang songs.

Mamie brought us a
nice fruit cake.

Mabel gave the babies
candy and peanuts etc,
and Pa two cigars.

Norma, Joanie & Jackie
were over for dinner one
day. He enjoyed them so
much. Norma seems
real well now. They have
not furnished their
home yet but many
nice things are coming.
Jean came over with
Mamie. I was surprised.
He gave us the olives
and fig jam which cer-
tainly were a treat. I thought
enjoy your self.
