

Dingle Lakes

Nov 1, 1933

Dear Dad,

I am sure glad you made the trip & are feeling better now. Did you enjoy your birthday here is wishing you many happy returns.

Everything is about the same here. I have been fencing stackyards & will have them all fenced this week. Have been up & cut the rest of my wood & started cutting some red pine piles. May get Skinner to do most of the hauling & let him have hay for it. Have not seen him yet tho. I wrote Ben Mild & expect him over to finish settling for the hay in a day or so.

It looked like storm yesterday but cleared up with barely enough to settle the fact.

Love my love to all & write me all the news.

Love

Kenneth.
