

August 3, 1844

Dear Grandpa:

I am terribly sorry that I haven't answered your letter sooner. I have been here and a few days so everything has been upset. I only returned several days ago and am still trying to get things in order.

I have been over about 2 years since I have been to Adels. I certainly do wish it I have spent many pleasant summers there. I will spend many more too, I hope, in the not too distant future.

On my way home I passed through Los Angeles. I called up 929 Grove to speak to you and Mary Ann. I was sorry to miss you, but I did

have a nice talk with Ruth
and Kenneth.

Mr. May asks me to take
back in Long Beach now? - All
how to write to them now.

I certainly do wish that
I was back in Los Angeles. That
was the best part of my Army career.
I certainly did have a wonderful
time in the barracks. Appreciate
very much all you all did for
me.

After getting lab now, so I'll
close now. Giving love to everyone.

Love

Frank
