May 8/41

Dear Mother,

Just a few lines  
to let you know that  
your letter was really  
appreciated and how glad  
I am that Ila is getting  
better and you are feeling  
so wonderful. I would  
like to be there to see you  
and the garden you have  
made bloom so beautifully.  
It is quite  
windy here but everything  
is growing nicely when it  
is just wet.

It is wonderful that  
you like Genella so much  
and I thank you for saying  
so. I think Ruth and  
Genella are tops to put it  
very mildly. I do not  
know what I would do  
with out them. This last  
month has been so long  
and lovely.

I am sending a  
letter to Ruth at South  
Gate so if they are there  
tell them with you.

Take good care of

yourself and come up  
early this year and when  
you get here stay a while  
with us or at least visit  
us after, Promise

Sincerely your son,  
Kenneth.
