

Dear Mother,

We thank you for your letter and card. We know you are having a fine Christmas Season there, with your two sons.

They are pretty good now. Inella has a slight cold, the second. We took her all around during the holidays and everywhere we went, people were sick, but are much better now.

Except for the short time Ken and I were laid up, the weather has been marvelous and we have been very comfortable with only our fire-place. Of course we have used a lot more coal than last year, but then, we also have used less wood and Ken has not had to exert himself to chop so much wood.

A very happy New Year to all of you.
Lovingly
Lulu
A hug + kiss

Dear Mother,

Just a few lines to let you know that I have been thinking of you thru the Christmas and your birthday and wishing you all the joy and happiness of many more to come. We hope you are well and enjoying your visit with the folks here.

Tell Milton and Helen we have been expecting to hear from them but they after day passes with out a word. I hope that they and all the children are well and enjoying the holidays.

Love to all,

Kenneth.
