when he had a little
accident - a steer bumped
into him and hurt his
arm, so he was laid up
a few days and had to
give up his trip and
his work with Ken. Ken
finally found some
one to help him, altho
he was alone for the
first few days.

Norma came over one
day with the baby. I have
never seen her look so
nice and clean.

Saw Mabel yesterday she
was making pillow slips.
I haven't seen Mammie but

Dearest Mother,

We were very glad to hear
from you and know that
you arrived home safely. It
was too bad Beulah Lee was
sick. I hope she is better.

It was lonely after you
left. Ken and I went over
to the house and stored away
your canned goods. There
are three paper cartons full
and we marked each one
"Ida" and put them down
in the second basement
right by the door on the
second shelf. I don't know
how the salmon and
other tinned goods will

also took the few sailes of
towels and sugar sacks

you folks were here. The
time goes all too fast.
I wait and wait for you
to come & then before I
know it you have gone
again.

that had been wandering
up and down our street
all summer and
eating outside of our
fence, took a notion

to eat my holly hocks
there were just sticks
standing left when I
came up one morning
and I felt so bad as I'd
had wanted some of the
white seeds. I'll gather
seeds from those that
were luckily standing
further in, and send
them to her.

The weather has been
nice; - no rain, but
a little wind. Ken is
haying and I hope
the weather will be
good until he is through.
Mitchell was going to help
him, but he decided to
