

Baguio. July 30.

Dear Jimmie Peano.

I'm going to take some more and better pictures if the sun shines again - We are having a vicious typhoon -

Roads to Baguio closed because of slides - from the steady down pour.

K.D. is stalled in Manila - We expect him and his bride as soon as the flow is over. I got a furnished house for them. If the young wife can cook and Rap house I guess they can make it alright. They are lucky to be able to get a house to live in in this town. Rents are very high too.

My mother is sitting in Agaña for the present. Kris and his wife have

Will you send me "Glas" address?

lots of room and lots of service -
so it will be easy for her -
and Kris can kind of watch
over her too. She had a severe
bladder infection after coming
back from here. It started up here
in Baguio. She is over it now -
however. but can't do much work.

I hear you might be coming
over to see us. The ocean voyage
will be very good for you. with your
blood pressure. Gr. Reed won't
like it so well as you. I hear her is
feeling and looking better in the
high altitude.

Much love Ruth.

Mrs. W. D. Resam
