good boy with plenty of under-

effective being good as vice versa -

John last weekend went to see  
Pablo with Diehl. But this next one  
we will go to McKinley again -

We are still in a quandry about  
names for our baby. Our boss's  
wife has me sort of on the spot  
she asked if it were a girl to

We had thought of Henry Thomas - to

Manila.

Dear Gramma Pearl -

I came to Manila 1 1/2 weeks  
ago to consult Beulah. And am  
still down here. If Beulah can get  
her vacation we will all go to Baguio  
and have the baby up there.

I have John with me. We are  
staying at Helga's <sup>Manila</sup> house. I spend  
Friday, Saturday and Sunday with  
Beulah. It is so nice and quiet  
out there. Lee was very much in  
evidence. He is not shy at all. Yet  
he is well-behaved and not at all

Fabian writes the girls are taking good care of him and of the other pets. However he has had a bad cold - I guess I better take him in hand - I hope I can get to Baguis soon. I really miss Fabian more than I do the children. Maybe it is jealousy - Any way I hate for him to get along so nicely with out me - I think he is in the dangerous age - wants to be gay etc. Well I'll show him when I get back in circulation - I guess it is pretty hard on a man - his wife with a distorted figure - The glamour of maternity if there is such, wears off after she has lost her youth.

Well I'm not worried about any thing. What I like about your letters - you always write so tactfully as tho you know it is for all the family to read -

Lots of love Ruth.
