Dear mamma

We have one small room for five dollars a month and board at the "Club" for 2.25 a week. Board and room come to about three dollars a week.

I registered yesterday but Wesley just got started.

The uniforms cost all the way from 12 to 24 dollars.

The kind we will get will cost about twenty dollars not over.

Wesley will have to take physics in the Prep. Dept.

I have algebra, English, History,  
Drill and Agronomy.

Moughw and his wife are both  
going to the University this  
year.

We were up there last Sunday,  
and to Sunday School and Night meeting  
of the Methodist Church.

I will write again tomorrow  
and tell you what I cannot  
think of now.

From your loving son  
Fabian Beauw.

P.S.

Tell Lee to get one of those  
worms and send up for I can  
sell it to a professor what is

a collection of such things and  
also find out what it is.
