meet Helga, and Fabian to attend

will go back to Baguio and Kate

Dear Gramma and Gramps Beam

Well the holidays are over. We  
received your letter and that  
wonderful picture of Gramma Beam.  
I will have it framed next week.

This month will be exciting  
for us. Fabian and I are going to  
dash to San Pablo early Tuesday A.M.  
12<sup>00</sup> and attend a directors meeting  
and dash back the next P.M. It  
will mean 150 pesos if he can get  
to the meeting. Then the next day

all had plenty of the same ryles and no  
signs of any thing. I think Fabian will enjoy  
a rest. When one has a small house it is  
wearing on the nerves to always have a bunch  
of children chattering - crying - about. We had  
Baumans for Xmas. Bill B is such a tease.

I was about driven goofy myself. so calm  
as I am. I <sup>was</sup> kept busy defending the weak.

Thanks for the pictures of the turkeys. I especially  
was glad to get the snap of the house.

Have you had it restringed?

The children got more toys than they've  
ever had in all their lives.

I hope you keep well and prosper this  
next year.

Lots of love from us all
