

if she would treat them
decently.

Fabian and I have taken up golf.
We play at the Country Club - Fabian
plays well - but I'm a dub - but
I think I better enter into more
things with Fabian - Now that
my kids are growing.

My rich Jewish neighbors
are up for the season now.
The ones who put up a 5'00'
by 30' tall fence between us -
don't annoy me - but the one
who always comes to use my
phone & gives my number to her
friends - gets me down.

March 18.

Dear Ma and Pa Team -

We received your air mail
letters. Don't be worried about
Fabian. He feels fine. Has gained
and looks swell. His spot of
operation healed nicely. Lots
quicker than most of that
nature. The children are all
well. Nora nags the other kids
more than I like - I hope she
grows out of that. Every one
gets on with out friction until
she enters the room. So like
my sister Slim. Nora could
have all the kids at her feet

Evelyn and Nora are off now too on a horse & Wright Park - when they get some good gallops across the Polo Field - Strange to say, Nora's bossy nature makes her a good horse woman - That horse knows who's his boss.

Irish Baulah and Family would come up & visit us. Jennie Crochet Alger & Ann are spending about three weeks with me - I always enjoy Jenny. We will have to double up. I have enough beds but not so much room after the beds get set up. I have so much furniture and yet I can't see how I could do with less. I started eliminating today by giving away about 50 records Helga gave me - fox trots etc. all sound alike to me - besides I want my kids to hear really good stuff. My kids are getting like me - ^{having} complexes about having too much - too many - They are always giving away toys, clothes - etc - ^{things} things they don't need - that clutter up their rooms & their minds. My brother wrote to his Dad. "Don't send me anything." They like a simple life, kids, un-complicated by presents etc. Well - good by -
tomorrow. Love from
Liz
