

Sau Pabls-  
July 19-

Dear Gramma Keam-

K.D., Gemilla, Nora & I are  
down here at Helga's place - Today  
K.D. & Gemilla are cruising about  
the country seeing some of the  
sights about the Philippines they  
had not had a chance to  
see before. Gemilla likes to see  
every thing and to know the why  
and wherefore - of every thing. They  
are seeing many things I haven't  
seen in all the years I've been  
here - They will enjoy their sea

trip too. They are so fond of each other, enjoy the same amusements etc.

Helga has a lovely big house now. She has built on two new bed rooms - + bath for guests a new bath and bed room for her children + a new large kitchen making 6 bedrooms 3 baths a school room etc. They had a bowling alley made too. so the boys can do their bowling at home -

I'm going to take some pictures when I get back to Bagin's

John is so cute. They all are -  
and well behaved tho no  
flowery manners. John has  
been feeding him-self for months -  
like a little man. Slower  
than Sally to talk tho. But  
Sally is incomparable. There are  
none like her.

John looks more like Nora  
every day - Has the large Johnson  
mouth.

Fabrizi's friend Henry Bauman  
was \$20,000 man in the Hong Kong  
Sweepstakes. He had to divide  
with two other men. He had

the winning number on his  
ticket. Fabian won \$3 pass once  
on the Sweep Stakes. I wish we  
would get a break like that, then  
we could come to visit you. The  
reason we don't come as you  
might guess is lack of funds,  
and not lack of inclination.

The children are always speaking  
of going to the States.

We were glad you were feeling  
so well. from your letter. The  
picture of Ida's children is darling -  
Benah Lee must be a little beauty.

What grade does Ida teach? Any  
ideas would be welcome. Love from Ruth.
