

very bad. Kelga had
a 7 lb boy Peter Christian - It
looks like Kelga -

John was so cute when I
got home - It's really best at
home for children. Sally got
quite unmanageable and is
getting properly disciplined by
the rest of the family - Sally
would not be a good "only child."

That was a false alarm
about Jewella - She is getting
quite fat about the waist and
hips but is not making a baby -

Feb. March 2 -

Dear Gramma and Grampa
Ream.

I'll answer both your
letters - at one time because
after coming home from a
three weeks vacation in Manila
I find so much to do at home -

Sally and I went to Manila -
Kelga having telephoned she
was in the hospital expecting
her baby. During the two
weeks wait for the baby I had
Sally's tonsils out. It was good
that I did - for they were

much to their regret.

~~He is a fine fellow and a fine fellow~~
~~He is a fine fellow and a fine fellow~~

I just got a radio brother this morn
Agnes has a 9 lb. girl.

Your pictures were swell. You both
look very nice - some what thinner
especially the boss of the family. I
like the farmer boy's looks better than
the doctor boy's looks. They are getting
that "bedeviled mamma" look imprinted
on their faces.

I had a conference with Nora's teacher
Nora will go to the fifth grade - and she
rules 5th grade in many things - she
doesn't seem to be a studious type however.
I guess she is like Fabian - Kate too will
be hard to place. She is very bright &
Sarah is remarkable. I wasn't fan #8
when I considered Fabian eugenically.
He would provide my offspring with
plenty I didn't have of grey matter.

Lots of love to you both - and thanks for
the pictures
Rick

Every one is asking when Beulah
is coming back. Of course I can
give them no answer. Every one

thinks Beulah a marvelous woman
tho I think if Beulah establishes
herself in a climate that is
not so ~~severe~~ it will be
best for her. Tho the future
will tell. I imagine the tongues
wagged plenty when you all
got together again.

Fabian seems quite well again -
He looks fine. We are almost out
of debt with some good prospects
which is encouraging - and

makes a man feel better. Too
we are all so well and strong. No
worry about us.

I must get this mailed -
so must close -

Rest
