March 1 '42.

Dear Mother

We were very pleased to learn you are feeling fine
I trust you still feel fine & are enjoying the best
of health.

We are all doing fine -

Now spring changes since you folks were here.

The weather is fine now & it is rearing up.

Let's hope you have had the desired rain before
now.

We enjoyed Kenneth & family. They have
a very nice baby too.

By the way I wish you would let me know how the
hand lotion is working out. Do your hands feel better?
How is Gonella now. What they used the lotion?

I hope Jean is successful negotiating
his plans.

Give everybody hello from us & lots of love

Douglas
