Dear Dad:

I am very pleased to receive
your cards and to learn that
Mother is still doing nicely,
with plenty of rest and care
with light physical exertion
I feel that she will be O.K.

I've thought a lot about you
the more I think, the stronger
is my feeling that you should
stop that treatment for your
pains. Ask Dr. Rossom to examine
your spine and don't overlook
that swelling of your feet.

Heavell O. I arrived as
per schedule Monday 4 PM
found work had been slipping
away etc. Very busy since.

It was quite a surprise to learn
about the death of Leonard - too bad,
but somehow those things so happen.

I didn't tell you that B. T. Wilson
& Eula do no more in Oakland - since Nov.
I haven't learned anything more yet
except that Milton says the Boat doesn't
know to take the bonds.
I still think you should be cleared to
protect your property.

Love to all,
Douglass.
