April 29 - 1936

Dear Mother Team :-

Yesterday I asked Douglas if he had written you concerning the buggys and was sorry to learn he had not. I should have written, as he is so very busy, but when I spoke to him before about it he said he would write right away. Please pardon our neglect.

Douglas said it has apparently arrived in good condition. It isn't entirely unpacked, but I can hardly wait until we get moved so I can use it to take my fine little son out for his airing.

We expect to move in a few days. The place looks very nice. The inside is practically finished. The outside all but part of the trim and porch. The outside is white with dark brown trim. Surely makes a difference in the looks of the building.

The place will be nice and we will enjoy it, but my heart aches at the thought of leaving this dear little home. The roses now are very beautiful. We want to take a start of each kind also other shrubs.

Monday morning we had breakfast with Beulah ^{+ Dad} at her apartment. Milton, Helen, Mr. Swenson were there. We had a lovely time, but grandpa

in with us so Mr. Long could
work on his belt. I suppose he
or Beulah have told you about it.

Our baby is very, very good
and we all enjoy him so very
much. He is growing fine and
getting real intelligent it
seems.

Time to get the children
off to school.

Thank you, very much for
sending the buggy to us.

Love, from all
Lucile

Dear Mother:

Many thanks for the buggy in
his business being hard to know if it is
coming or going. Otherwise I don't know
written corner. The buggy is still boxed.
Please - you all have - my return trip
sorry you couldn't stay longer.
Lucile has to be as the most or drive
close.

Love to all

Douglas.

After.....days, return to
